## DETAILED ACTION

### *Claim Objections*

Claims 37-38 are objected to because of the following informalities:

Claims 37-38, line 1, "The method" should be changed to "The computer-readable medium".

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 34-38 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The newly added claims 34-38 contain new subject matter. In particular, the disclosure as originally filed does not disclose "a computer readable medium" set forth in claims 34-38.

***Allowable Subject Matter***

Claims 1,3-10 are allowed for reasons of arguments presented by the applicant in the amendment letter received on 09/21/2006. Claims 34-38 would be allowable for the same reasons as indicated in claim 1 if Applicant amends the claims to overcome the rejection.

***Response to Arguments***

Applicant's arguments filed on 09/21/2006 have been fully considered but they are not persuasive.

The newly added claims contain a new subject matter. Refer to discussion above.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 2877

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
